CIQ Training - Your Complete Training Solution

CCIQ Training can now offer your business a complete safety training solution with new courses in:

BSB41407 Certificate IV in Occupational Health & Safety (OHS)

The Certificate IV in Occupational Health & Safety (OHS) is ideal for those who are qualified WHSO who are looking to work inter-state and need a national qualification. You will learn how to comply with OHS Legislation, how to identify problem areas and how to control future risks.

Workplace Health & Safety Officer (WHSO) upgrade to Certificate IV in OHS

This pathway is available to people who have completed a Workplace Health & Safety Officer (WHSO) qualification and are looking to gain a further qualification, work on inter-state projects or future proof for national OHS legislation.

CPCCOHS1001A Work Safely in the Construction Industry (White Card)

Work Safely in the Construction Industry (White Card) is a mandatory legal requirement for all persons wishing to carry out construction related work. On completion you will receive a laminated Workplace Health and Safety Induction Card (White Card) which is nationally recognised and can be used to enter construction sites and complete work in Queensland, Victoria, New South Wales, South Australia and Western Australia.

Working Safely at Heights

This course provides participants with the necessary knowledge and skills required to safely work at height utilising various forms of fall protection.

Safe Work Confined Space

This course provides participants with the necessary knowledge and skills required to safely work in confined spaces as per AS/NZS 2865:2001.

Our other popular safety courses include:

Safety essentials for leaders

Business Owners, Managers and Supervisors are obliged under law to ensure that their workers are not exposed to risks to their health & safety. The course is designed for all levels of management who have responsibility for the health and safety of employees, contractors and sole proprietors.

Workplace health & safety for committee members

This course provides an extensive introduction to the Queensland Workplace Health and Safety Legislation and looks at the roles and responsibilities of Workplace Health and Safety Representatives and Committee Members.

Monitor a safe workplace

This course for Frontline Managers provides information on occupational health & safety (OH&S) policies & procedures, arrangements for managing OHS and implementing and monitoring an organisation's procedures for providing OHS training, identifying hazards and risk assessment, controlling risks and maintaining OHS records.

30596QLD Course in Functioning as a Workplace Health & Safety Officer

Organisations with more than 30 employees are required by law to appoint a Workplace Health & Safety Officer (WHSO). This course is designed for anyone seeking accreditation.

30523QLD Course in Recertification to Function as a Workplace Health & Safety Officer

Workplace Health & Safety Officers (WHSO) who wish to continue working after the five year expiry of their certificate are required to complete a recertification course.

30630QLD Course in Functioning as a Workplace Health & Safety Representative

This course provides a sound understanding of WHS legislation for anyone working as a WHS Representative or anyone on a

30782QLD Rehabilitation and Return to Work Coordinator

Certain businesses are required by law to appoint a Rehabilitation and Return to Work Coordinator. The Rehabilitation and Return to Work Coordinator course addresses the needs of individual workplaces to plan and coordinate quality rehabilitation programmes for workers.

QLD Rehabilitation & Return to Work Coordinator

Workplace Rehabilitation Coordinators who wish to keep working in the field after the three year expiry date of their certificate are required to complete this recertification course.
